3. ADOPTION OF THE MINUTES:

(Moved by Councillor Ostrander) Carried.

4. NEW BUSINESS:

Mayor Deck opened the floor for comments and questions with respect to the 2018 Annual Report.

While there were no comments or questions regarding the Annual Report, questions were received regarding the 2017 Financial Statements, which were originally reviewed by Council at their meeting held February 20th, 2018.

Jim Galloway requested confirmation that Council's stipends had been reduced to half of the rate set when the municipality formed. Mayor Deck confirmed that this was so, and explained that the stipends were reduced to reflect the lessened Council work load during the period when several legal cases resolved themselves in the courts.

Anne Jardine questioned the accumulated surplus in the amount of \$448,044. Acting CAO Mark Read advised that the accumulated surplus is comprised of the value of capital assets plus cash. Mark noted that the capital asset is the bridge over Jumbo Creek.

Jim Galloway asked if the municipality invested its money. Mark Read advised that cash is invested so as to earn interest. Mayor Deck noted that the municipality must keep a certain amount of cash on hand to meet the short term financial requirements of the municipality.

4. NEW BUSINESS continued:

Anne Jardine asked for an update with respect to the status of the Environmental Assessment Certificate. Mayor Deck noted that Glacier Resorts Ltd has requested a judicial review of the Minister's decision to not extend the previous Environment Assessment Certificate. Greg noted that the proponent is also seeking a revised Master Plan that would see a reduced bed count for the municipality, one that would be below the threshold that would initiate an entirely new environmental assessment process. Greg clarified that these two processes are taking place between Glacier Resorts Ltd and the Province, with little involvement on the part of the municipality.

Anne Jardine requested clarification regarding the staffing relationship between the municipality and the Village of Radium Hot Springs. Mayor Deck advised that staffing is being provided under contract with the Village, and that this was been deemed to be the most cost effective option. Jim Galloway asked if salaries were provided. Mark Read responded that the municipality is charged hourly rates which include an overhead component.

Anne Jardine asked about the future of the municipality. Mayor Deck advised that there are still a number of issues that need to be resolved before the municipality can move forward with development.

Resolved, that we approve the 2018 Annual Report.
