MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and in conjunction with public sector accounting recommendations. The integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements. Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

Mayor and Council of the municipality are responsible for ensuring that management fulfils its responsibilities for financial reporting and internal controls. This responsibility is exercised through frequent financial information presentations and reports made to Council by management. Additionally, this information is publicly presented at the regular meetings of council and at special financial information meetings given special notice.

The external auditors, BDO Canada LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to any additional schedules as required by the *Act*. The audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. As well, the audit assesses the accounting principles used, the significant estimates made by management, and reviews and evaluates the Village's system of internal control and procedures to provide reasonable assurance that the overall financial statements are presented fairly. The auditors present the results to Council once a year.

On behalf of the Jumbo Glacier Mountain Resort Municipality

Karen Sharp, Acting Chief Financial Officer

*Reconciliation listing not provided due to way expenses are classified on Audited Financial Statements. The schedule of payments to suppliers of goods and services are based on actual disbursements processed through its Account Payable system. This provides assurance on completeness as the reported amounts are reconciled to the financial system cheque register and electronic funds transfer records. The schedule of payments is a "cash basis" listing. This figure therefore will differ significantly from the expenditures in the consolidated financial statements which are reported on an accrual basis resulting in timing differences. Furthermore, there are disbursements which are not considered expenditures including payments made to other taxing authorities, employee payroll deductions, debt principal repayments. Conversely, there are expenditures which do not involve an actual disbursement (in addition to accruals) like holdbacks.

Prepared under the Financial Information Regulation, Schedule 1, section 7 and the *Financial Information Act*, section 2
