SCHEDULE "B" TO BYLAW NO. 0020, 2017

JUMBO GLACIER MOUNTAIN RESORT MUNICIPALITY FINANCIAL PLAN POLICY STATEMENTS 2017.

The Community Charter requires that municipalities provide explicit policy and objective statements as part of the financial plan that relate specifically to the proportions of revenue proposed to come from the various funding sources, the distribution of property taxes among property classes, and the use of permissive tax exemptions.

1. It is the objective of Council to operate an efficient municipality. Our focus is to develop an Official Community Plan and Zoning Bylaw to guide development.
2. With respect to the proportions of revenue proposed to come from the various funding sources the following applies:
 - (a) The Municipality supports an approach based on fee for service and supports provincial regulation that ties fees to the actual cost of providing a service. For this reason, demand for services largely dictates projected fee revenues.
 - (b) Revenue from other services is largely dependent on grants and transfers from senior governments. The Municipality will pursue such funding whenever the programs advance municipal goals. We will support provincial objectives, often attached as funding conditions, in any way that compliments or advances municipal policy or direction.

Table one: proportions of total revenue (operating)

Revenue Source	% Total Revenue
Tax Revenue	2.0%
User Fees	0.0%
Government Transfers	97.7%
Non-government Transfers	0.0%
Fees, Permits, Licenses and Fines	0.0%
Other Sources	0.0%

3. With respect to the distribution of taxes among property classes:

The municipality currently has assessed values in the business class only. The taxation applied is within the range of other municipalities whose population is less than 1000 and the multiples used are those of the province.

4. With respect to permissive tax exemptions:

Council will consider the merits of each tax exemption application on a case by case basis.
