“An Official Community Plan for Jumbo?

The town with no people wants to adopt an Official Community Plan (OCP).

The Jumbo Glacier Mountain Resort Municipality’s (JGMRM) OCP is "intended to reflect the long term vision of the community.” Whose vision? What community? The JGMRM has no residents, an appointed mayor and council and is funded by \$200,000 of BC taxpayer dollars every year.

Please speak out against this OCP without a community. Since Jumbo has no citizens, it falls to all of us to oppose this plan and this affront to local democracy and land-use. OCPs are intended to guide a community, not a corporate development.

Form letter:

Dear Members of the Jumbo Glacier Mountain Resort Municipal Council,

An Official Community Plan (OCP) is an important document that reflects the long-term vision of a community. Since the JGMRM has no residents, I do not believe that the appointed council should proceed with the adoption of an OCP. Residents of the Kootenay region have made it abundantly clear that they want to keep Jumbo Wild. Public engagement in land use decisions is a key component of local democracy - with no public in the Jumbo Municipality, this is not possible.

I object to the process of you creating and adopting an OCP for a town with no residents.

Sincerely,

Lars Sander-Green, Kimberley
